

Celebrate Spring

and support Hope for Tomorrow

Easter egg hunt

Ready to take your family Easter egg hunt to a new level? Spice it up and grab some extra goodies to hide and ask people for a donation.

If you are a business, dot prizes across the office and ask people for a donation to take part.

Virtual Walk of Hope

Dust off those trainers from winter, gather your friends and family and pick up the pace! Sign up for our virtual Walk of Hope and do it your own way, in your own time. By signing up you'll get your very own complementary neon t-shirt, drawstring bag and bucket hat.

Spring gardening club

If you are an avid gardener then you know Spring is the perfect time to get planting again. Why not make it even more fun and invite your friends to join while raising vital funds for Hope for Tomorrow. You can even ask people to bake some sweet treats too!

£15

could pay for one person to receive treatment on board a unit

Buy an hour

Ok, so we can't give you back the hour you've lost, but you can do something good with it. Contribute an hour of your salary to help us drive cancer care forward.

It costs £35 an hour to keep a mobile cancer care unit on the road, consider donating this to us.

Bike Ride

Whether by yourself or in a group, why not set a deadline over 30 days to cycle a certain distance each day? Set up a donation page and inform those looking to donate how they'll be supporting our mobile cancer care units and the people use them.

Car Wash

Capitalise on the winter weather taking its toll on cars in your community and set up an easy way to get donations.

Make it more fun by including friends and family to help you out and raise more money!

For even more ideas, scan the QR code.

Food hygiene

Whether you are serving cupcakes or hosting a dinner, food safety laws apply to all food related fundraisers.

Find out more here - [food.gov.uk](https://www.food.gov.uk)

If you are serving alcohol, you may need a licence, your local authority will have more information.

Insurance

Although we are here to help, your event won't be covered by our insurance policy. You may need to ensure you have suitable insurance in place. If you are using contractors/ sub-contractors, you need to ensure they have the correct insurance as well.

Raffles

Raffles are a great way to drum up funds, but make sure you are aware of the legalities beforehand.

You can find out more here - [gamblingcommission.gov.uk](https://www.gamblingcommission.gov.uk)

Health & safety

It is important to remember your personal and guests health and safety at your event. Consider if a risk assessment needs to be carried out, be mindful of slips, trips and falls and remember, everyone is responsible.

Do

- Remember to share your fundraiser online with your friends and family. Social media is a really easy way to do this.
- Take lots of photos of your fundraiser and be sure to update people along the way.
- Thank people for donating to your fundraiser, it means a lot and can encourage others to give too.

Don't

- Don't forget to complete a risk assessment to ensure you have the correct health and safety precautions in place. You can find an example on our website.
- Don't forget to make it count by asking your donors if they are eligible for gift aid. You can find out more information on this in your fundraising guide.
- Don't forget to have fun! Fundraising is all about fun, enjoy yourself and don't forget to laugh along the way.
