Cuppa for Cancer Care

It's simple. It's fun.
It's your chance to help.
Join in, and make a difference for those
living with cancer.

Choose your day and your spot – your living room, local hall, the office kitchen – make your Cuppa event your own!

Sort the tea, coffee, and treats (bring out the biscuits or go all out with a bake off!).

Gather your friends, family, neighbours or colleagues and enjoy good company and a cuppa for a great cause. You'll be supporting Hope for Tomorrow's mobile cancer care units and make cancer care more accessible for patients in their communities.

Our flagship campaign is now running all year round, so you can host an event that involves coffee, cakes and conversation whenever works for you!

We're making February Cuppa for Cancer Month, giving more people the chance to come together, share a moment and help bring cancer care closer to home.
