REGULATOR**

It's simple. It's fun.
It's your chance to help.
Join in, and make a difference for
those living with cancer.

Choose your day and your spot – your living room, local hall, the office kitchen - make your Cuppa event your own!

Sort the tea, coffee, and treats (bring out the biscuits or go all out with a bake off!).

Gather your friends, family, neighbours or colleagues and enjoy good company and a cuppa for a great cause. You'll be supporting Hope for Tomorrow's mobile cancer care units and make cancer care more accessible for patients in their communities.

Good news – Cuppa for Cancer Care now runs throughout the year.

We're also dedicating February as a special Cuppa for Cancer Care Month, giving even more people the chance to get involved.
